

NIGHT OF THE NOTABLES

Monday March 25th, 2019

Dear Parents/Carers,

This letter is to invite students to apply to participate in the Notables program of 2019. The Notables is an enrichment program for selected students in Grade 3 – 6 at Immaculate Heart. Students who participate will study the concept of being notable and then produce a research project on their chosen person. This year we are looking for Notable people in either Arts or Sciences.

Students who commit to the program will be removed from class for a one hour lesson each week for nine weeks. They will need to have research skills and to be able to use their imagination and artistic capability when presenting their work. Students involved in the program will also need to commit their own time to complete the project and will need to be available for the culmination activity that is the 'Night of the Notables'. This is to be held in Week 8 of Term 2 on Thursday, June 27th at 5:30pm and will go for an hour. Students will dress as their notable and give a five-minute presentation about their notable in front of the audience. They will also show their completed project which may include: written information, photos, props and a short quiz about their notable.

This year students will need to apply to participate in the program. Grade 5 & 6 students are asked to write in 150 words, whilst Gr 3 & 4 are expected to write in 100 words why they should be chosen for Notables. This should include their relevant skills, areas of interest, work habits, organisational skills and what they are hoping to learn from this program. This can be filled in on the back of this letter or alternatively sent via email to paul.egan@catholic.tas.edu.au. This needs to be handed in by next Tuesday April 2nd. Students will be selected by those who we feel will be extended by the project, have strong literacy, numeracy or artistic skills and have a history of handing in completed work on time. The decision will be made in consultation with each child's class teacher.

If there are any questions, then please do not hesitate to contact me at school.
